

BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 95-1249-C - ORDER NO. 96-264 ✓  
APRIL 12, 1996

IN RE: Application of Advanced Telecommunication        ) ORDER  
Network, Inc. for a Certificate of Public        ) APPROVING  
Convenience and Necessity to Provide        ) CERTIFICATE  
Intrastate Resold Telecommunications        )  
Services within the State of South Carolina.    )

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of Advanced Telecommunication Network, Inc. ("ATN" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1994) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed ATN to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of ATN's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. ATN complied with this instruction and provided the Commission with proof of publication of the Notice of Filing.

A hearing was commenced on April 3, 1996, at 10:30 a.m., in the Commission's Hearing Room. The Honorable Rudolph Mitchell, Chairman, presided. ATN was represented by B. Craig Collins, Esquire. Catherine D. Taylor, Staff Counsel, represented the Commission Staff.

Philip Kreiger, Comptroller of ATN, appeared and offered testimony in support of ATN's Application. Mr. Kreiger stated that ATN is a New Jersey corporation which is registered to do business in South Carolina as a foreign corporation. According to Mr. Kreiger, ATN proposes to offer long distance services using resold transmission services of carriers certificated to carry traffic in South Carolina. Mr. Kreiger explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures.

Mr. Kreiger also explained that ATN possesses the technical, financial and managerial abilities to provide its services in South Carolina. Mr. Kreiger further testified that the Company would make certain changes to its proposed tariff to comply with Commission guidelines and prior Orders. During direct testimony, Mr. Kreiger stated that ATN had provided previous intrastate service in South Carolina inadvertently as a result of acquiring the customer base of another company. He asserted that ATN had not sought to provide intrastate service in South Carolina and did not market its services in South Carolina. In light of these facts, counsel for ATN made a Motion that the Commission consider the

circumstances and, in this instance, waive the refund requirement for this service. Mr. Collins further requested that, if the Commission did not grant the Motion, ATN only be required to refund to the customers the portion of the charges paid above the fees which were paid to the underlying carrier. The approximate gross amount of the revenue obtained from these calls is \$9800, and the approximate net revenue is \$1,500 - \$2,000.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

#### FINDINGS OF FACT

1. ATN is incorporated under the laws of the State of New Jersey and is licensed to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. ATN operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. ATN has the experience, capability, and financial resources to provide the services as described in its Application.

#### CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to ATN to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area

Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for ATN for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. ATN shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. ATN shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540

(Supp. 1995).

4. ATN shall file its revised maximum tariff and an accompanying price list within thirty (30) days of the date of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

5. ATN is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. ATN shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If ATN changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, ATN shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. ATN shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

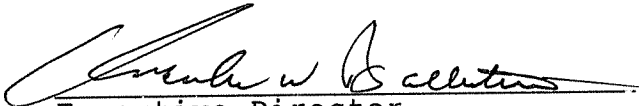

10. The Commission grants ATN's Motion and hereby waives the requirement that ATN refund to its customers the fees charged for intrastate service provided in South Carolina prior to certification by this Commission.

11. That this Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:
